91.2.2 TIMELY WARNING/CRIME WARNING

Timely warnings shall be known as "Crime Warnings" and distributed as such. The following shall provide guidelines for providing crime warnings to the campus community:

- A. The Clery Act requires institutions to distribute crime warnings regarding Clery reportable crimes that represent a serious or continuing threat to the safety of students or employees. Institutions are required to publish their policies regarding timely warnings in their Annual Campus Security Report. Crime warnings will typically be issued for the following offenses that occur on campus:
1. Murder or Non Negligent Manslaughter
 2. Sex Offenses
 3. Robbery
 4. Burglary
 5. Aggravated Assault
 6. Major Cases of Arson
 7. Other crime categories will be assessed on a case by case basis and timely warnings will be distributed as deemed necessary.
- B. The following factors should be considered when determining whether to issue a timely warning:
1. The nature of the crime (serious/non-serious, violent/non-violent)
 2. The nature of the threat (general threat versus limited threat to a specific person)
 3. Whether or not there is a continuing danger to the community or a continuing crime pattern.
- C. When issuing a crime warning notice, some information may be withheld if there is a possible risk of compromising law enforcement efforts to investigate and/or solve the crime.
- D. When the University of Wisconsin – Madison Police Department becomes aware of a situation that meets the criteria for a crime warning, the Manager on Call (MOC) or designee develops the content of the warning and has the authority to authorize the distribution of a crime warning to the community.
- E. A crime warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:
1. Date and time or timeframe of the incident
 2. A brief description of the incident

3. Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).
 4. Suspect description(s) when deemed appropriate and if there is sufficient detail
 5. Police agency contact information
 6. Other information as deemed appropriate by the Chief or designee
- F. Other Campus Security Authorities on campus learning of an incident in which a crime warning may be needed, will share the information with the Department for the purpose of determining if it meets the criteria for a crime warning.
- G. In the event a crime warning is needed, consideration must be given to the most appropriate means to be used to disseminate the information to the affected community. The following methods of communication may be used:
1. A campus-wide email blast to the UW community;
 2. Message posted through the University of Wisconsin Facebook page;
 3. Message distributed by building managers;
 4. Message posted on the Department website;
 5. Press release with pertinent warning information;
 6. Department electronic signboards;
 7. Message distributed through the University of Wisconsin – Madison Parent Program.
 8. Text message to students and employees who have signed up for text message alerts.
- H. The department does not issue crime warning notice for the above listed crimes if:
1. The department apprehends the subject(s) and the threat of imminent danger to members of the UW community has been mitigated by the apprehension.
 2. The department has not apprehended the subject(s) but the MOC or designee determines there is no threat of imminent danger to the members of the UW community.
 3. If a report was not filed with the Department or if the Department was not notified of the crime in a manner that would allow the Department to post a “timely” warning for the community. A general guideline will include that a report filed more than 7 days after the date of the alleged incident may not allow the Department to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.
- I. The University of Wisconsin – Madison Police Department will generally not issue crime warnings for crimes occurring beyond the immediate Clery-designated geographical area. The same procedures for determining whether to issue a Clery geography Crime Warning are used for determining whether to issue a non-Clery geography crime warning and will be evaluated on a case-by-case basis.
