

UNIVERSITY OF WISCONSIN-MADISON CLERY CRIME & FIRE LOG GLOSSARY

CITATION ISSUED - A ticket has or will be issued.

CLEARED BY ARREST - A suspect has been charged and referred to a court for prosecution.

DISCIPLINARY REFERRAL - Indicates that a crime has been referred to the Dean of Students or another University office for adjudication.

DISPOSITION - The current status of a particular crime report. Dispositions are updated within two business days of when a change is made, until 60 days from when the Time Reported, when the crime is removed from the Clery Crime & Fire Log (Log).

EVENT # - Indicates that a particular crime reported on the Log was reported to the University of Wisconsin Police Department (UWPD). Conversely, N/A indicates that a crime has not been reported to UWPD.

LOCATION - The street address or intersection where a crime was reported to be committed.

MADISON POLICE REPORT - A call for service reported through Dane County 911 to the Madison Police Department (MPD). For a current disposition or more information, please contact MPD at 608.266.4075 or cityofmadison.com/police/support/records.

NON-POLICE REPORT - An incident reported to Clery staff that has not been reported to law enforcement. Due to their nature, the dispositions of these reports are unknown.

OFFENSE - The nature of the crime committed. One criminal incident may lead to multiple offenses noted in the Log under one Report #. For instance, an incident in which one person procured liquor for another while using false identification will be listed under two rows as two crimes, False ID Possession and Underage Liquor Procurement.

OPEN ACTIVE - Case is being actively investigated.

OPEN INACTIVE - A suspect has not been arrested or cited and the case is not being actively investigated at this time.

OUTSIDE JURISDICTION - Crime was originally reported to have occurred within UWPD jurisdiction, but after investigation has been determined to have occurred outside UWPD jurisdiction but remains on the Clery Crime & Fire Log in compliance with the Clery Act.

REPORT # - The report number maintained by UWPD, MPD, or a University disciplinary office that corresponds to a particular case.

TIME OCCURRED - The date and time that a crime was reported to have occurred. When a particular date and time is unknown, an estimate is provided. If an estimate is impossible, Time Occurred is listed as Unknown.

TIME REPORTED - The date and time that a crime was reported to a University official.

UNFOUNDED - The criminal allegation was found to be false or baseless after the completion of a police investigation. A crime may be "unfounded" for Clery-purposes where there is no report filed. An example of this would be a report of a motor vehicle theft where the owner simply forgot where they parked their car, and remembered where it was before a police officer could respond to take a report.

VERBAL WARNING - A suspect has been issued a formal warning but no citation or arrest was made for the particular crime.
