

APPENDIX K

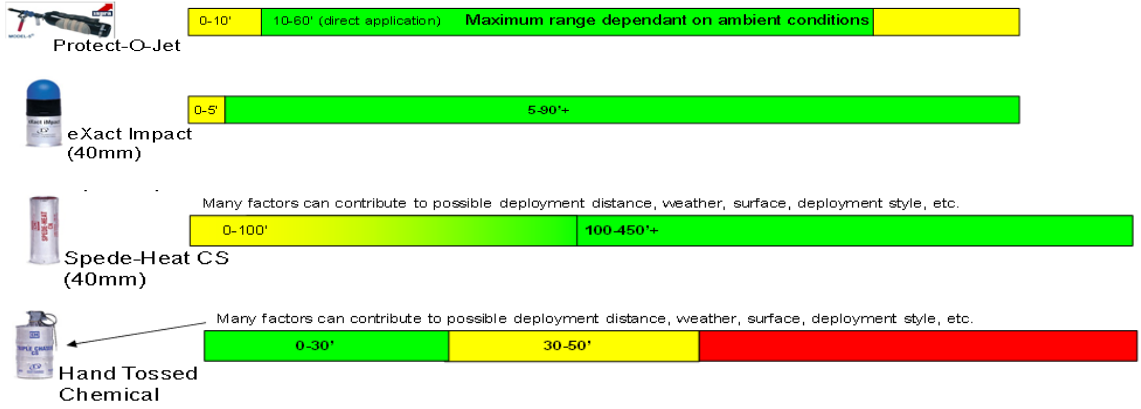

**Authorized Less and Non-Lethal Systems**

**Authorized Less Lethal Weapon Systems & Effective Ranges – INDIVIDUAL OFFICER**

**Authorized Less Lethal Weapon Systems & Effective Ranges – GRENADIER**

**Oleoresin Capsicum Aerosol Spray (OC Spray)**

1. OC Spray supplied by the Department and manufactured by Defense Technology or Combined Tactical Systems in a water-based solution is the only OC Spray authorized for regular duty use.
2. Sworn and non-sworn personnel may carry OC Spray while on-duty only after successfully completing training in its use.

## **APPENDIX K**

### **Conducted Electrical Weapons (CEW)**

1. The Taser 7 is authorized for use by sworn personnel.
2. Sworn personnel may carry the ECD while on-duty only after successfully completing training in its use.

### **Police Baton**

1. The Armament Systems and Procedures (ASP) collapsible baton and the straight wooden baton are the only batons authorized for regular duty use.
2. Sworn personnel may carry the ASP while on-duty only after successfully completing training in its use.

### **Patrol Authorized Less Lethal Impact Munitions**

1. The 40mm eXact impact sponge round may be deployed by use of the Defense Technology 40mm Tactical Single Launcher in circumstances in which the subject presents an imminent threat of serious physical injury or death to self or others.
2. Sworn personnel will only utilize less lethal impact munitions while on-duty after successfully completing training in its use.

### **Authorized Grenadier Munitions**

1. CS or OC may be deployed through the use of the 40mm chemical agent delivery system, hand-dispersal, or through Protect-o-jet(s).
2. eXact impact sponge rounds or foam impact rounds may be deployed through the use of 40mm tactical launcher.
3. Sworn personnel will only utilize grenadier munitions while on-duty after successfully completing training in its use.
