

## Placement of Items on Uniform

The photos below are intended to serve as guidance for all employees wearing uniforms in the placement of various insignia and items on the uniform. The two general set ups are shown below. If uniform items will not fit as pictured, the optional items should not be worn so that there is adequate room for required items to be worn as pictured. The set up shown below also needs to be followed when wearing an external carrier.

Please see Written Directive **26.1.1.5 Code of Conduct - Uniform** for a list of required and optional items.

## Security Officer Uniform

## Multiple Awards Devices

| Valor   | Merit   | Lifesaving  | Excellent  | Community   | Award                                     |
